I was appointed Joint Administrator of Toys “R” Us Limited in February this year. I instructed PDT to help me recover large, disputed balances owed by trade vendors based in the UK, USA and Asia. The claims and underlying vendor agreements were contractually complex, with international dimensions, and were often heavily disputed by well-resourced toy manufacturers. Will, Justin and their recoveries team were commercial, responsive and successfully negotiated substantial recoveries from vendors – to date - in excess of six-figures for the benefit of creditors.

Simon Thomas, Director, Moofields Advisory Limited

I am very happy to write on behalf of Horsham FC Ltd as CEO and Vice Chairman to congratulate PDT on the work carried out on our behalf recently. The brief concerning a Notice to Quit submitted to our commercial tenants was somewhat complicated as there was a lingering question over whether or not they had Rights under the Landlord and Tenant Act. Your handling of the matter was both skilful and professional, resulting in achieving a successful outcome for all concerned.

“

As always, PDT stepped up to the plate for what was without any doubt our most complex transaction in the 10 years we have worked together. With 10 different sets of lawyers based in various different parts of the world working on this transaction, PDT worked in their normal professional & energetic manner to ensure a speedy conclusion whilst always looking after our interests. They did an outstanding job.

”

Russell Maddock, CEO, Flagship Europe

“

This was our second major acquisition in the UK and it was important we got it right. As always, the team at PDT were a pleasure to deal with throughout the transaction, were extremely professional and responsive making sure that we completed the deal within a tight deadline. This meant that we could make the commercial announcements we needed to make on time. They guided us through the complex process and whilst there were some aspects of the deal which required some thought, PDT were extremely proactive in getting any issues resolved.
